

ADVANCED CLINICAL PRACTICE FOR CANCER PHARMACISTS

CANCER PHARMACY EDUCATION AND PROFESSIONAL DEVELOPMENT

The COSA CPG recognises there are limited continuing educational opportunities for pharmacists who have a solid foundation in cancer.

To help experienced cancer pharmacists further develop their knowledge and skills, the CPG are pleased to offer our Advanced Practice weekend seminar.

This seminar is designed for those pharmacists who have broad experience in cancer services with a good base knowledge of cancer therapeutics.

The course content changes each year to focus on new areas of practice and covers different areas of cancer practice and professional development topics.

In 2018 we are pleased to announce our eighth Advanced Practice Seminar to be held in Melbourne on the weekend of the 1st and 2nd of September. We are busy compiling an exciting program for this year's seminar.

Gail Rowan
Convenor

The Advanced Course

Rydges Melbourne | 1-2 September 2018
